MOUNT CALVARY SUNDAY SCHOOL

## NEW NEWSLETTER!

Welcome to SSN: Sunday School News! Each month this newsletter will fill you in on what's going on in Sunday school, as well as give you some tools and resources to use during the month at home with your kids. The first line in Luther's Small Catechism states: The Ten Commandments as the head of the family should teach them in a simple way to his household. The best and most effective instruction in the Bible will take place in the home. Sunday school is a great opportunity to learn about Bible stories and principles taught by Jesus, but unless reinforcement is done at home during the week, those new stories/ topics learned each week will not be best understood or remembered. Example: Let's say you work out by running for an hour every Sunday, but you do nothing other than your daily routine of walking to the car or carrying groceries during the week. Will you be healthier than if you didn't run every Sunday? Yes, of course! But could you be even healthier if you worked out 2 or 3 more days each week? Yes, and you would be better conditioned! The same is true with Sunday school and instruction during the week. Sunday is a great day to come learn about God, but your child will be much better conditioned when you reinforce what they learned on Sunday. To help you, each month there will be a list of resources on the bottom (mostly internet) to help reinforce the topics for that month! You are in our prayers, you can do it!

The best and most effective instruction in the Bible will take place in the home!
