HIDDEN TREASURES

In the Bible, God makes a reference to treasures hidden in jars of clay. That reference is to remind us that we don't hold the power but God holds the power. As we trekked through the woods on our ice hike, we stumbled upon an old cement, man-made dam. It was very much in the middle of nowhere—off the trails with no civilization in sight. And it made us all wonder how, why, and when someone took the time to pour the concrete and make the dam. It

was just a very randomly placed obstacle, yet someone had at some point taken the time to shore up the land and prevent the creek from descending too quickly.

There are events or people in our lives that are similar to that dam. They may have significant impact at the time but be forgotten later on down the line. Or the opposite could happen...the event or interaction could be very insignificant yet pop into our mind at a

later time as important. Either way, know that you are a treasure of God's. He values you. He showed you by sending His Son to die for you. Also, take notice of what is happening in your life. Perhaps you are asked to do a little favor for someone that may go unnoticed...or it may be found by someone and used as an object lesson! Whatever the case, don't do things for recognition, do them for the Lord, because of His love for you!

VALENTINE'S DINNER

Help is needed for this year's Valentine's Dinner. All youth are invited to help but the Confirmation students will be meeting at 6 pm to help serve and do whatever needs to be done in the kitchen.

We will be doing a few more service projects in confirmation this year, but this will start us off! We do these events as a class in place of requiring individual service hours elsewhere. We will also have an

opportunity around March 24th to help out at Good Samaritan or to help make cakes for it. Please let me know if you will not be able to make it. Thanks!
